

The REACH Program is situated at Washington Primary School. The pre-school students are encouraged to take advantage of the experiences in an elementary school.

Pre-school students participate in weekly music and physical education class with a certified teacher. Preschoolers are also included in school-wide assemblies, spirit days and enrichment activities. In addition, our elementary classes take great pride in partnering with the preschool classes to serve as helpers and to promote literacy and positive social skills.

**A Center for Early
Childhood Development**

REACH is the Region 12 Preschool Program serving the children in the towns of Bridgewater, Roxbury and Washington. REACH is an integrated preschool program designed to meet

the learning and social needs of three and four year old youngsters. REACH provides a caring and nurturing environment where students with special needs work side by side with their peers through purposeful play activities. The preschool program offers a half day or extended day option for the families in the region.

Our highly trained and knowledgeable preschool staff utilizes the Connecticut State Preschool Curriculum Framework and the Connecticut Early Learning and Development Standards to design dynamic learning opportunities that develop necessary personal, social, physical and cognitive skills as well as creative expression important for school readiness.

The preschool team includes special education teachers, classroom paraprofessionals, an occupational therapist, a physical therapist, a speech and language pathologist and a

EW

school psychologist. For parents who may have questions regarding their child's development, the pre-school staff is available to conduct screenings to determine if further

evaluations and services are warranted. If you have concerns of this nature, please contact Allyson O'Hara, Director of Pupil Services at 860-868-6100 or oharaa@region-12.org.

REACH is a rich learning program that we proudly offer to our regional community. Please visit the REACH website located at www.region-12.org for additional information. If you have questions or would like to schedule a visit please contact the Washington Primary School main office at 860-868-7331.
